

SPHERE 1 NAMES ANNUAL WINNERS

»Sphere 1 recently announced its 2015 Vendor Partners and Distributors of the Year. Makita is a back-to-back winner after winning the Core Products Award for 2014 as well. Freud was also a pacesetter as the award recipient for Accessory Products and the most successful plans with Sphere 1's Membership in the Gateway for Growth platform.

"Sphere 1 Vendor Partners of the Year are the highest Vendor awards given at our annual conference," said Rob Moe, vice president of Sphere 1. They have the best overall score on the Sphere 1 Annual Support Card, which ranks all 99 vendors on six individual criteria important to the success of the cooperative."

Stanley Black & Decker was awarded Supplier of the Year for the 16th consecutive year for achieving the highest purchase volume from Sphere 1 members in 2015. Stanley Black & Decker was also Sphere 1's top vendor for outstanding support of Sphere 1 University.

Omaha-based Tighton Tools and Fasteners was named Member of the year. Learn more at www.sphere1.coop.

FLOWCRETE NAMES BROOKES PRESIDENT

»Flowcrete Group Ltd. has appointed Craig Brookes, previously the Flowcrete Group vice president and international managing director, to spearhead global operations as its new president. The global leader in polymer flooring technology promoted Brookes to the role after former president, Mark Greaves, stepped up as president of The Euclid Group, the construction chemicals group within the multi-national company, RPM International Inc. For more information, visit www.flowcreteamericas.com.

INTERCORP ON INNOVATIONS TV

»Innovations with Ed Begley Jr., announced that it will feature Intercorp in an upcoming episode, airing third quarter 2016 via Discovery Channel. (Dates and show times TBA.) Founded in 1988, Intercorp is an industry leader in the fastener distribution business. Innovations with Ed Begley Jr. will explore Intercorp's flagship brand, Strong-Point, which is trusted by construction professionals throughout North America for commercial and residential construction projects. Audiences will learn about the brand and the importance of using high-quality fasteners in mission critical applications. Learn more at www.intercorpusa.com.

SUBARU CALLS IT A DAY

»Fuji Heavy Industries has changed its name to Subaru Corporation in line with an operational change that will focus all engineering and financial resources on its growing automobile division. The Industrial Power Products division will close after fulfilling all order commitments for 2017. To make the transition as smooth as possible for customers, Subaru intends to continue to supply spare parts for a reasonable period to meet market requirements. Visit www.subarupower.com for more details.

ERICKSON TAKES NHS AWARD

»Erickson announces that its Wheel Chock Tie-Down Kit won the Retailers Choice Award during this year's National Hardware Show in Las Vegas. Erickson introduced the Wheel Chock Tie-Down Kit in late 2015. Visit www.ericksonmfg.com.

ROLAIR UNVEILS NEW WEBSITE

»ROLAIR Compressors has recently announced the redesign of its website, www.rolair.com. The new site features high resolution product images, improved page organization and up-to-date information. A blog, increased social media use and branded content also reside on the mobile-friendly site. It also contains information about ROLAIR's OEM division.

"The new and improved [rolair.com](http://www.rolair.com) will provide our end-users and distributors alike with a better experience overall," said Mike Kelley, vice president of ROLAIR Compressors. "In addition to being mobile friendly, it will provide users with more accurate, up to date content."

SEAL IT RIGHT, SEAL IT TIGHT!
